

Team MindShift is an innovative training solutions company partnering with organizations to address their need to adapt to distance learning to excel in our global village. While it's true that knowledge is power and skills create value, "**Learning to learn effectively**" is a force multiplier.

Our MindShift methods are based on our deep experience teaching adult learners and corporate trainees. Our products and services are designed to overcome fear and doubt often encountered by those learning technical subjects and support the learners becoming more effective.

Training and Technology Solutions for Businesses

Organizational transformation is catalyzed by a systemic approach merging leading-edge learning methods integrated with powerful supporting technology. Our multifaceted approach results in a diverse set of offerings including:

- ➔ Our turnkey online curriculum for Non-Data People using our MindShift methodology
- ➔ Building custom technology and training solutions to meet our client needs E.g. Healthcare, Manufacturing, Media, and Telecommunications
- ➔ Guidance and support services to help you navigate the digital shift
